How much are the Grant Amounts?

- Initial grants will be equal to the lesser of
  - 45% of gross earned revenue during 2019 or,
  - $10 million.

- Entities that began operations after January 1, 2019 will receive an amount equal to their total 2019 gross revenue, divided by the number of full months (not partial months) in operation and then multiplied by six.

- Supplemental Grants of 50% of the initial grant amount already awarded, may be awarded if the entity or individual can show a 70% loss of gross revenue for the most recent calendar quarter as of April 1, 2021 (January 1, 2021 through March 31, 2021) than the same period in 2019 due to the pandemic, if funding is still available.

- The total of the initial and additional grants awarded may not exceed $10 million.

- The original allocation was $15 billion. The American Rescue Plan added $1.25 billion. There is now a total of $16.25 billion available. (Now that entities can receive a PPP loan first, will help funding last longer).

- Application portal is expected to open in early April. More SBA information and webinars coming (including with AFTA).

- TIP: Do not disqualify yourself. If you are in doubt, APPLY. SBA determines eligibility and priority, not you.
